Additional information

How can these funds be used?

It would be at the facilitator's discretion as to how they choose to utilise the additional payment.

How is my eligibility recorded?

It must be specified in the work order where an external facilitator is entitled this additional incentive.

How is this applied?

Regional Support Managers (RSM), Managers of Programs and Services (MOSP) and Community Corrections Managers are encouraged to schedule as many programs as reasonable for all parties.

This schedule will adhere to current policy with each 20-session program delivered over a 10 week period. This can be accelerated but cannot be completed in less than five weeks. Please note, no more than four EQUIPS sessions can be delivered in a one week period.

How often can I claim the incentive?

External facilitators will be paid the additional travel incentive once per block of EQUIPS programs and NOT PER program run in the same office/location. For example, a facilitator travelling from Sydney to Broken Hill for a period of five weeks to run two EQUIPS programs will receive 2 x \$6400 for the delivery of 2 x 20 session programs but 1 x \$1920 for travel totalling \$14, 720.

How do I invoice for the Incentive?

If eligible you will receive a separate purchase order to invoice against for this incentive.
