## EXPLANATORY NOTES

### (a) General information

The New South Wales Inmate Census was conducted as part of the National Australian Prison Census for 30 June 2010. The first Australian National Prison Census was conducted on 30 June 1982 and both the NSW and National inmate censuses have been conducted annually since that time. Previous publications of the NSW Inmate Census can be obtained from the Corrective Services NSW website (<http://www.correctiveservices.nsw.gov.au>). National prison census publications are published by the Australian Bureau of Statistics (ABS) (see *Prisoners in Australia ABS Catalogue 4517.0*).

### (b) Scope of data collection

This publication contains summary statistics of inmates managed by Corrective Services NSW (CSNSW) who were held in full-time custody in New South Wales at midnight on 30 June 2010 and of inmates with a 'live' order for periodic detention as at 30 June 2010. Inmates temporarily absent from a correctional centre (as at midnight on Census night) under s26 of the *Crimes (Administration of Sentences) Act, 1999* have been excluded with the exception of those inmates housed at Parramatta Transitional Centre and Bolwara House Transitional Centre (Emu Plains). Police custody 'police-bail refused' detainees held in police/court complexes as at midnight on Census night under the management of CSNSW (as provided under Part 13 of the *Crimes (Administration of Sentences) Act 1999*) are also included.

Prior to 2007, the scope of the NSW Inmate Census was based strictly on inmates held in gazetted correctional centres and periodic detention centres as at midnight on 30 June each year. Despite the fact that CSNSW had managed inmates in police/court complexes since 1992 and transitional centres since 1996, these inmates were not considered for inclusion in the scope of the census data collection because they were not held in gazetted correctional centres. Between 1997 and 2006, this publication series has included these statistics as separate totals for inmates held in police/court complexes and transitional centres.

Offenders residing in non-custodial facilities managed by CSNSW such as Community Offender Community Offender Support Program Centres (COSP Centres) and community residential facilities (such as the Balund-a facility at Tabulam) are excluded from the scope of the inmate census as these offenders are not held in custody. These offenders are incorporated within the scope of the NSW Community Offender Census (available at <http://www.correctiveservices.nsw.gov.au>). Persons held at the NSW Department of Health's Forensic Hospital (adjacent to Long Bay Complex) are also excluded as this facility is not a gazetted correctional centre nor is it managed by CSNSW.

The scope for this publication is closely aligned with the ABS's National Australian Prison Census. However, as a census of adult prisoners, the National Australian Prison Census excludes all inmates held at Kariong Juvenile Correctional Centre in NSW (regardless of age). On 30 June 2010 there were 37 inmates held at Kariong Juvenile Correctional Centre which have been included in this publication.

### **(c) Concept of an episode of imprisonment**

Statistical information describing legal status, type of sentence, court type, sentence terms, most serious offence etc all relate to the episode of imprisonment current at the time of the Census. For the purposes of this publication, an episode of imprisonment is taken as a continuous period of imprisonment under the management of CSNSW.

In distinguishing between the current and any previous episode of imprisonment the following rules were applied:

- i. for inmates held in custody for breach of a parole or licence order relating to a previous period(s) of imprisonment, the previous period(s) of imprisonment is/are excluded from the current episode;
- ii. any period of imprisonment prior to a release from a court where the inmate was subsequently freed without having been returned to full-time custody within 1 day, was excluded from the current episode;
- iii. any period of imprisonment prior to a transfer into police custody where the inmate was subsequently freed without having been returned to full-time custody within 5 days, was excluded from the current episode;
- iv. any period of imprisonment prior to release on bail, on a bond or to immigration authorities was excluded from the current episode;
- v. any period of imprisonment prior to transfer to an institution other than a NSW correctional centre (including Kariong Juvenile Correctional Centre), a transitional centre or police/court complex operated by CSNSW was excluded from the current episode. For example, this excludes detention in a psychiatric hospital, juvenile or interstate correctional institution;
- vi. for inmates who had escaped from CSNSW custody and had been subsequently returned to custody, the episode of imprisonment current at the time of the escape was included in the current episode;

- vii. for inmates who have had their periodic detention order cancelled and were now serving the sentence by way of full-time imprisonment, or have been placed into full-time custody in relation to other offences, the period of periodic detention imprisonment was excluded from the current episode;
- viii. for inmates returned to periodic detention (after a period of full-time imprisonment) to serve the remainder of an original sentence by way of periodic detention, the original episode of periodic detention (prior to full-time imprisonment) is included in the current episode.

**(d) Aboriginality**

An inmate is recorded as an Aboriginal or Torres Strait Islander (TSI) where they have identified as such (by self report) in any current or previous episode of imprisonment. Prior to 2002 the Aboriginal/TSI status of the inmate current at the time of the census was recorded.

**(e) Known prior imprisonment as an adult**

For the purposes of this publication known prior imprisonment includes any episode of imprisonment within periodic detention or full-time custody. Prior imprisonment includes imprisonment under a court issued order within a police/court cell complexes managed by the CSNSW but excludes any period of detention managed by CSNSW as a police-bail refused detainee.

Prior to 1999, prior adult imprisonment was based simply on whether an inmate had any known episode of prior imprisonment as an adult in a gazetted correctional centre in NSW. A hierarchy of sub-categories of known prior imprisonment based on custodial program and legal status was introduced in 1999 and were revised in 2009 to identify amongst inmates with no prior imprisonment those having a prior community based orders (under CSNSW supervision). Where there is more than one period of prior imprisonment of a particular sub-category, the highest sub-category is used. The sub-categories, from lowest to highest, are:

- i. no prior imprisonment or community-based order;
- ii. prior community based order but no prior imprisonment;
- iii. an episode of periodic detention;
- iv. an episode on remand in full-time custody;
- v. an episode in full-time custody for fine default;
- vi. an episode in full-time custody under sentence.

## **(f) English speaking status of country of birth**

Country of birth classification is based on the Standard Australian Classification of Countries (SACC) Second Edition (Australian Bureau of Statistics Catalogue No: 1269.0, ABS 2008). English speaking status of the country of birth is based on the 'Main English speaking countries' as identified in ABS publication *Australian Standard Classification of Countries for Social Statistics (ASCCSS)* (ABS Catalogue No. 1269.0). The main English speaking countries comprise: Australia, Canada, New Zealand, Republic of Ireland, South Africa, United Kingdom (Channel Islands, England, Scotland, Wales and Northern Ireland) and the United States of America.

## **(g) Legal status**

For the purpose of this publication, inmates have been classified to one of the following seven legal status categories:

- i. under sentence - no appeal;
- ii. awaiting result of appeal against conviction or sentence;
- iii. detained as a forensic patient;
- iv. unconvicted (awaiting court hearing/trial);
- v. awaiting deportation;
- vi. awaiting extradition to another jurisdiction; or
- vii. civil inmate (held in custody for an offence other than a criminal offence).

The previously reported category 'convicted but awaiting sentence' was removed from this publication in 2007 as this legal status is not able to be determined from available electronic records. Inmates with this status are now included as 'unconvicted' inmates. Inmates held as Police custody 'police-bail refused' detainees are recorded as unconvicted inmates.

## **(h) Type of sentence**

This item relates to the aggregate sentence imposed (see explanatory note (m)).

The category 'Life sentence' is comprised of (a) persons sentenced to an 'existing life sentence' (as defined in Schedule 1 of the *Crimes (Sentencing Procedure) Act 1999*) who have either yet to have that sentence redetermined by the Supreme Court or have been prohibited from making further application (b) persons sentenced to an 'existing life sentence' who have had that sentence redetermined by the Supreme Court and the court has declined to set a specific term for the sentence but has set a non-parole period of a term of years (c) persons sentenced to 'natural life' following proclamation of the *Life Sentences Amendment Act, 1989* and (d) persons sentenced to 'Life' with/without a non-parole period under federal/interstate legislation.

The category 'Forensic patient' is comprised of persons identified as 'forensic patients' as defined under Section 42 of the *Mental Health (Forensic Provisions) Act 1990* which includes persons found not guilty by reason of mental illness and persons found unfit to be tried. The category also includes persons convicted or held on remand for a criminal offence who are transferred from a correctional centre to a mental health facility managed by CSNSW as a 'correctional patient' under Section 55 of the *Act*. Prior to 2010 these persons were reported in Tables 1.3 and 2.3 as 'forensic patients – Type B'.

Inmates held in full-time custody (convicted or unconvicted) who also have a current order for periodic detention are treated as full-time custody inmates.

For other sentence types detailed in this publication sentences are described as either 'Sentence/Non-Parole' where a court imposed a non-parole period (i.e. that component of the sentence that must be served in custody) or as 'Sentence/Parole period declined' where the court did not impose a non-parole period.

A new fine enforcement system for NSW was introduced from 27 January 1998 under the *Fines Act 1996* and is based on a hierarchy of civil and non-custodial sanctions with imprisonment as a sanction of last resort. Since that time inmates whose sentence type is recorded as 'Fine default' were held only for reason of default on a commonwealth or interstate fine (i.e. there are no outstanding charges or current sentences). The last fine defaulter was received into CSNSW custody in August 2004.

#### **(i) Level and State of court**

This item represents the level and State of court at which (for sentenced inmates) the current sentence for the most serious offence was imposed. For unsentenced inmates, the court at which the order for detention for the most serious offence (see explanatory note (k) below) current at the time of the census is used. Appeal courts were recorded only where such courts have altered the sentence term imposed for the most serious offence. Where the most serious offence was breach of parole, the court of conviction is shown as State Parole Authority (formerly the NSW Parole Board). Inmates only detained awaiting deportation are shown under 'Immigration Authority'.

The NSW Drug Court program commenced on 8 February 1999 as a non-custodial program for illicit drug dependant offenders charged with non-violent offences. Inmates shown with a court of 'Drug Court' are convicted offenders either (a) held in custody as unsentenced inmates by the Drug Court pending determination of or placement on their program, (b) in custody serving a 'sanction' for a breach of the Drug Court order or (c) had had their program terminated and were subsequently ordered by the Drug Court to serve the original suspended sentence by imprisonment in full-time custody.

## **(j) Classification of offences**

In this publication the classification of offences has been based on the Australian Standard Offence Classification (ASOC), 2008 (2<sup>nd</sup> edition) (ABS Catalogue No. 1234.0). A summary of the classification is given in Appendix 1.

The ASOC 2008 classification was introduced into this publication for the first time in 2009. In 2008 and 2007 the classification of offences was based on ASOC 1997 (1<sup>st</sup> edition). Prior to 2007, offences were classified according to the Second Revision of the New South Wales Classification of Offences and of Care and Protection Orders for Children (ANCO). An ASOC to ANCO concordance is provided as part of the ABS publication (see Appendix 4).

Under ASOC 2008 offences involving attempts, threats, intentions, and conspiracies are generally classified in the same subdivision as the actual offence, whereas under ASOC 1997, conspiracy offences (with the exception of conspiracy to murder) were classified to 'Division 13 - Public Order Offences'. In this publication both the ASOC division and subdivisions to which the most serious offence was classified have been reported.

Trends series (Section 5) have also been revised to concord with ASOC 2008. ASOC 1997 data for years 1989 to 2009 have been revised using the ASOC to ANCO concordance. Prior to 1989 offence data was not recorded at a level of detail which enabled a re-mapping to ASOC 2008. This data remains mapped to ASOC 1997, however, at the division level, differences between ASOC editions for these time periods are not expected to be significant.

## **(k) Most serious offence**

Although an inmate may be held by CSNSW for a number of different offences, only the characteristics of the most serious of all offences in the current imprisonment episode is used in this publication. Generally, the most serious offence is selected as the offence for which the longest sentence was imposed for a single count, regardless of the possible result of any appeals. For the purpose of this calculation, offences where no sentence had been imposed at the time of the sentence (i.e. remand orders) are treated as having a sentence length of zero.

Where the longest sentence was imposed on more than one offence, the most serious offence was identified using the National Offence Index (NOI) associated with each ASOC (2008) group. In 2008, following the adoption of ASOC (1997), the same methodology was used but was based on the NOI (1997). Prior to 2008 the offence with the lowest NSW ANCO code was selected as the most serious offence where the longest sentence was imposed on more than one offence. A table detailing historical trends in most serious offence based on ASOC division is provided in Section 5 (see Table 5.8).

## **(l) Federal offences**

The identification of inmates with federal offence(s) is based on the federal status of all offences relating to the current imprisonment episode regardless of whether, at the time of the census, a sentence had been imposed or had expired for that offence. Federal offences are identified by CSNSW staff using information recorded on court documents provided to the agency.

## **(m) Aggregate sentence**

This item represents the longest period that a person may be detained under sentence in the current episode and includes any 'balance of sentence' terms. Pending charges that are likely to extend the aggregate sentence are ignored. In the case of an inmate serving the balance of a sentence after revocation of parole or licence, only the balance of the sentence is included, as distinct from publications previous to 1998 where the whole of the original sentence was included.

For the purpose of this publication, the aggregate sentence category 'Forensic patient' includes all persons with a legal status or sentence type of 'Forensic patient' regardless of any other sentence imposed during the current episode. The aggregate sentence length for 'Life' and certain 'Forensic patient' sentence types is indeterminate as the sentencing authority does not impose a sentence expiry date for these sentences (refer to explanatory note (h) above).

## **(n) Inmate security classification**

Inmates in correctional centres are classified in accordance with the *Crimes (Administration of Sentences) Regulation 2001* (Clauses 22, 23 and 24), incorporating the classification system for female inmates introduced on 4 July 1997. Inmates held at the Compulsory Drug Treatment Centre are not classified according to the regulations and are shown separately. Security classification sub-categories for unsentenced inmates were introduced into this publication in 1999. In this publication the security classification current at the time of the census is shown. It should be noted that some convicted inmates may have an 'unconvicted' inmate security classification if they were facing further and more serious charges or they had not been re-classified at the time of the Census.

Classification of periodic detainees is undertaken by the Periodic Detention Review Committee. Statistical reporting of the classification of periodic detainees based on this administrative security classification system was introduced into this publication in 1999. Periodic detention Stage 1 security classification refers to detainees who are required to attend a periodic detention centre during each detention period. Periodic detention Stage 2 detainees are not required to attend a periodic detention centre during

each detention period, instead these detainees stay overnight in their own home and report to a work site or detention centre (as required) each detention period.

On summary sheets, Maximum security includes all unclassified inmates and both convicted and unconvicted inmates classified as AA, A1, A2, E1 and Category 5 (females). Medium security includes both convicted and unconvicted inmates classified as B, E2 and Category 4 (Females). Minimum security includes both convicted and unconvicted inmates classified as C1, C2, C3, Category 1, 2 and 3 (females) and inmates held at the Compulsory Drug Treatment Centre.

### **(o) Statistical subdivision of last known address**

The statistical subdivision of last known address reported in this publication is based on the self reported postcode of last known address at the time of the census. Postcodes were mapped to the statistical divisions within the *Australian Standard Geographical Classification (ASGC)* (*Australian Bureau of Statistics Catalogue No: 1216.0, ABS 2009*) using the *Postal Area Concordances* (*Australian Bureau of Statistics Catalogue No: 2905.0.55.001, Aug 2006*).

### **(p) Significant events**

The following is a summary of legislative and operational changes enacted between 30 June 2009 and 30 June 2010 which may have had a significant impact on the size and characteristics of the NSW inmate population:

- The *Crimes (Sentencing Legislation) Amendment (Intensive Correction Orders) Act 2010* was assented to on 28 June 2010 and will commence on 1 October 2010. The object of the Act was to introduce Intensive Correction Orders (ICO) as a community-based sentencing option and to abolish Periodic Detention Orders.
- The High Risk Management Correctional Centre (previously part of Goulburn Correctional Centre) was gazetted on 24 July 2009.

1. Some convicted inmates may have an "unconvicted" inmate classification if they were facing further and more serious charges or had not been re-classified at the time of the census. Therefore the total number of inmates with "convicted" inmate classifications may not be equal to the total number of convicted inmates.

1. Some convicted inmates may have an "unconvicted" inmate classification if they were facing further and more serious charges or had not been re-classified at the time of the census. Therefore the total number of inmates with "convicted" inmate classifications may not be equal to the total number of convicted inmates.

1. Transitional Centres commenced operation in September 1996.

2. Corrective Services NSW began managing a small number of Police/Court Complexes in 1992 and operations in this area have increased since 1999. Data on the number of inmates held in these places of detention as at 30 June each year is not available prior to 1999.

3. Total Inmate Population incorporates full-time custody and periodic detention. Prior to 2007 published totals for "Total inmates" included inmates held in gazetted correctional centres and periodic detention centres only and excluded transitional centres and police/court complexes - see explanatory note (b).

n.a. - not available.
