

District Profile: Central Coast District

This accessible text document provides a descriptive summary of indicators presented in the Central Coast District Profile Dashboard. It accompanies the [interactive dashboard](#), published on our Department's website.

Overview

Statistics presented in the Dashboard are mainly derived from data products published by the Australian Bureau of Statistics (ABS) (e.g., 2016 Census and Estimated Resident Population of Australia) and from our performance results in 2018-19. The indicators are reported under the following five topics:

1. **Demographics:** Eight indicators are included under this topic to provide a comparison of the district with the whole of NSW. These include population growth rate, age distribution, and the size of disadvantaged groups (e.g., Aboriginal people, people from culturally and linguistically diverse backgrounds, people with disability, and people aged under 65 years who need assistance with core activities).
2. **Our clients:** Statistics presented under this topic highlight nine selected service delivery indicators from our child protection and social housing services in the district compared the whole of NSW.
3. **Families and homelessness:** This section compares the district with the whole of NSW on three indicators:
 - a. the proportion of families with children aged under 15 years;
 - b. the proportion of one-parent families with children aged under 15 years and a weekly family income less than \$650; and
 - c. the homelessness rate.
4. **Employment and income:** This section compares the district with the whole of NSW on three indicators:
 - a. average annual employee income;
 - b. the proportion of Newstart Allowance recipients; and
 - c. the proportion of Disability Support Pension recipients.

5. **Health and safety:** This section compares the district with the whole of NSW on two indicators:
- hospitalisations rates for all causes; and
 - the rate of domestic assaults.

1. Demographics

According to ABS Estimate Resident Population of Australia 2018-19:

- The estimated population growth rate from 2018 to 2019 for Central Coast District was **0.7** per cent. Compared to the overall NSW estimated population growth rate at **1.4** per cent for the same period, the population in Central Coast District grew slower than that in NSW.

The ABS 2016 Census data show that:

- The proportion of people aged 0-17 years was **22.1** per cent in Central Coast District. This is the same as the overall NSW result.
- People aged 18-64 years made up **56.9** per cent of the population in Central Coast District, which is lower than the overall NSW result of **61.6** per cent.
- In Central Coast District, **20.9** per cent of the population were people aged 65 years and over. Compared to the result in NSW (**16.3** per cent), Central Coast District had a larger proportion of people aged 65 years and over.
- Aboriginal people made up **3.8** per cent of the population in Central Coast District. This is higher than the overall NSW result of **2.9** per cent.
- People from a culturally and linguistically diverse background accounted for **14.7** per cent of the population in Central Coast District. This is lower than the overall NSW result of **27.7** per cent.
- People aged under 65 years who need assistance with core activities accounted for **6.4** per cent of the total population in Central Coast

District. Proportionately more people aged under 65 years who need assistance with core activities were in Central Coast District than in NSW (**5.4** per cent).

- The percentage of carers for people with disability was **10.3** per cent in Central Coast District, which is higher than the overall NSW result of **9.5** per cent.

2. Our clients

Child protection services

- In 2018-19, the rate of children and young people involved in risk of significant harm (ROSH) reports was **75** per 1,000 population aged 0-17 years in Central Coast District, about **1.2 times** the rate of children and young people involved in ROSH reports in NSW (**64** per 1,000 population aged 0-17 years).
- In Central Coast District, the rate of children and young people involved in ROSH reports who were seen by DCJ caseworkers was **16** per 1,000 population aged 0-17 years in 2018-19. This is lower than the rate of **19** per 1,000 population aged 0-17 years in NSW.
- At 30 June 2019, the rate of children and young people in out-of-home care (OOHC) was **15** per 1,000 population aged 0-17 years in Central Coast District, **1.5 times** the rate of children and young people in OOHC in NSW (**10** per 1,000 population aged 0-17 years).
- In 2018-19, **71.6** per cent of children and young people entering OOHC, entered for the first time in Central Coast District. This is similar to the overall NSW result of **73.5** per cent.
- At 30 June 2019, **48.0** per cent of children and young people have been in OOHC for at least five years in Central Coast District. This is lower than the overall NSW result of **49.4** per cent.

Social housing services

- In 2018-19, **11.4** per cent of households exited from public housing and Aboriginal Housing Office (AHO) properties to private rental

market/ownership in Central Coast District. Compared to **14.0** per cent in NSW, proportionately fewer households moved to private rental market/ownership from public housing and AHO properties in Central Coast District.

- At 30 June 2019, single parents with dependent children accounted for **28.3** per cent of applicant households on the NSW Housing Register in Central Coast District. Compared to **23.5** per cent in NSW, Central Coast District had proportionately more applicant households who were single parents with dependent children on the Register.
- In 2018-19, **18.5** per cent of newly housed applicants in public housing and AHO properties received a Newstart Allowance in Central Coast District. This is lower than the overall NSW result of **28.3** per cent.
- In 2018-19, **2.5** per cent of the households in Central Coast District were in public housing or a property of AHO Compared to **3.3** per cent in NSW, Central Coast District had relatively fewer households living in public housing or a property of AHO.

3. Families and homelessness

The ABS 2016 Census data show that:

- The rate of families with children under 15 years per 1,000 families in Central Coast District was **236**, which is slightly lower than the overall NSW result of **246**.
- The percentage of one-parent families with children aged under 15 years and a weekly income less than \$650 was **2.3** per cent in Central Coast District. This is similar to the overall NSW result of **1.9** per cent.
- The homelessness rate was **315** per 100,000 people in Central Coast District. This is much lower than the rate of **504** per 100,000 people in NSW. Central Coast District had relatively fewer homeless people than NSW overall.

4. Employment and income

- According to ABS, the average annual employee income in 2016 was **\$54,428** in Central Coast District. This is **\$7,521** or **12.1** per cent lower than that in NSW (**\$61,949**).
- In 2018-19, **5.1** per cent of the total working age population received a Newstart Allowance in Central Coast District, which is higher than the overall NSW result of **3.9** per cent.
- In 2018-19, **3.8** per cent of the population in Central Coast District received Disability Support Pensions. This is higher than the overall NSW result of **2.9** per cent.

5. Health and safety

- In 2018-19, the rate of hospitalisations for all causes per 1,000 population was **457** in Central Coast District, which is higher than the overall NSW result of **409**.
- The rate of domestic assaults per 100,000 population in Central Coast District was **488** in 2018-19. This is higher than the overall NSW result of **372**.
